

Unique Selling Points

1. EOSTRE TEAS ARE the **highest certified organic teas on the market in Uganda** as products from our farms are exported to high-end health food stores in EU, Canada , USA. That means that our herbal teas are of the highest quality and their growing and producing process is diligently checked by international bodies.

(Which is not the case for other non-certified herbal products or teas).

2. They are made **100% in Uganda** which makes them a wonderful (made in Uganda) exotic African teas.

3. They are totally **unique in their herbal composition**: as you might have noticed most other teas are based on the similar ingredients, but none of them uses **EAST AFRICAN** medicinal botanicals. This is another key components that sets our product as exclusive brand.

4. We are an ethnically minded producers, promoting East African medicinal plants in form of our tea brands, to the region and abroad.

5. As a Naturopathic Doctor, I designed these teas with the knowledge of herbal medicine that ensures that the teas have a **profound beneficial impact on the body**.
