MICROELECTRONICS ASSEMBLY & INSPECTION

A quality-focused and cost effective subcontracting solution to intricate and sensitive microelectronics assembly & inspection.

PRODUCT DESIGN, DEVELOPMENT & ASSEMBLY

Risk free and flexible business partnership in designing, developing and manufacturing of products.

With over 12 years in the industry, EMS has proven itself to be the partner of choice by a number of Japanese and Western companies in terms of technical expertise and complete customer support from local sourcing of direct materials to back end production and logistics.

MANUFACTURING MANAGEMENT

A well rounded approach in manufacturing subcontracting.

EMS takes care in achieving high ratings based on Key Performance Indexes (KPIs)- from delivery of required manufacturing support to attaining Quality, Cost and Delivery targets, far beyond customer's expectations.

SURFACE MOUNT TECHNOLOGY (SMT)-PCBA

High-speed and state-of-the art SMT Machines flexible to various product applications.

Heavily supported by strict traceability and quality standards, EMS lives on the Zero Defective Parts Per Million (DPPM) mindset in everyday operation.

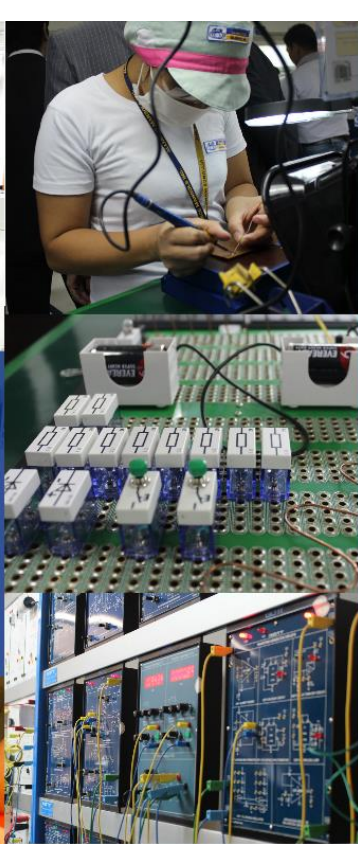

ENGINEERING MANAGEMENT SOLUTIONS

One of a kind Technical and Engineering Solutions for Electronics & Semiconductor companies.

Capable in handling standard and complex engineering functions such as Sustaining and Preventive Maintenance of Facilities and Manufacturing Equipment, EMS also has taken uncommon engineering solutions unique to Semiconductor companies.

LEARNING SYSTEMS

Employing holistic and customized approach in developing General manufacturing, technical & engineering skills.

The first in the Philippines to be ISO 29990 certified, EMS takes pride on its use of comprehensive training modules and state of the art equipment.

With strong commitment, EMS believes that training makes ordinary people produce extraordinary results.

EMS is also engaged in selling and distribution of GOTT Training Kits to academe and industrial institutions through its subsidiary, Creotec Philippines, Inc.
