

Defining the Business

“Integrated Logistics Support: Coffee and Cocoa Beans”

Inka's Commodities Trading SAC is a company created with the main purpose of offering its clients a new option for each stage of their coffee and cocoa bean commercial and logistic chain, characterized by being innovative, dynamic and profitable.

Who We Are

MISSION:

To offer competitive services and products according to what is required by each one of our clients (personalized service) applying the concept of “generating value” in each one of our business decisions.

VISION:

To be a Peruvian company characterized by offering quality services and products in time and with a personalized service for each one of our internal and external clients, searching for permanent profitability as well as offering improvement in the lives of our internal clients.

VALUES:

Team work .
Fairness .
Passion .
Quality .
Social Responsibility .

Our Know How

Jorge Luis Rojas: Agronomy professional with a Master's degree in Agribusiness Management from ESAN. He has seven years of experience as a Coffee Sales Head with total command of Commodity Futures.

He has successfully developed sustainable services projects in Peru, always looking to benefit and improve the life of the Peruvian agriculture worker

Ernesto Guzman: Foreign Trade and Customs professional with a Bachelor's degree in Economic and Financial Sciences specialized in supply chains from ESAN. He has eleven years of experience in the international business field always looking to implement quality processes and policies to optimize costs throughout the logistics chain.

➤ Implementation of Good Agricultural Practices

Our organization collaborates in the cultivation and harvest stages offering technical training of correct use of pesticides and nutrients for the fields. We have economically competitive plans to obtain machinery and equipment to cultivate and provide maintenance to coffee and cocoa bean plantations.

This phase of the project is jointly worked in collaboration with our strategic partner VIDAGRO S.A.C. (www.vidagro.com.pe)

Products:

- Coffee harvester .
- Motorized sprayers .
- Agrochemicals .

➤ Coffee and Cocoa Bean Process – Document Management

We have a site with a total area of 7,700 m² and a built area of 3,500 m² where we offer three duly implemented warehouses with capacities of 265 m², 420 m² and 617 m² respectively.

We have a coffee processing plant and cocoa bean drying plant that guarantee correct treatment from the reception stage to the exportation stage. (Coordination services and export documents management).
